

Annual Plan

2021

This year's theme:
Social connection = Isku xirnaansho

Considering the concept on which Xidig Organisation is based, the main focus of 2021 will be on how to connect Somali youth in the Netherlands, especially those living in and around cities with a large Somali population. The title of this year's theme is "**Connection & Cooperation**". We will concentrate on how the youth can communicate effectively with one another, how they can get to know each other, and how they can benefit from and set a good example for each other.

When we looked at this year's theme, it turned out that it is important to hold the events mentioned below in order to achieve Xidig Organisation's annual goal.

- Ladies' Night
- Student Night
- Islamic Lectures
- Night Swim
- Marathon
- Upbringing
- Women Events
- History of Somalia
- Girls vs Boys Quiz
- Cooking Workshops (Somali food)
- Iftar Dinner

We need to ensure that we hold our events in every city and we need to create a WhatsApp group for the youth to communicate with each other. In this way we can create a network of young people in each city who can benefit from each other.

General goals for 2021

1. *Annual conference March*

- The annual conference showcases the progress of the previous year's activities and the plan for the current year. Various individuals that are popular in the community will be invited to attend.

2. *Monthly events*

- In order to motivate the youth, there will be monthly events on selected topics in cities where majority of the youth reside.

3. *3x Debate*

- 3x per year, there will be debates in which the youth will be intellectually debating about a selected topic, the purpose of the debate is to expose the youth to different viewpoints and opinions which in turn will benefit everyone who takes part in the meeting.

4. *Increase academic network*

- The community needs more educated youth, so as to benefit from them and to serve as role-models.

5. *Active on social media*

- To build youth awareness, the following will be shared through social media: motivational speeches, the history of their country, and quizzes.
